

# Neura Companion

*AI-Powered Emotional Assistant*

Neura Companion is the future of emotionally intelligent AI. Built to grow alongside the user, Neura adapts to mood, voice, and routine.

Whether you're journaling, dreaming, or setting goals - Neura listens, reacts, and supports.

Highlights:

- Voice Journaling with Real-Time Viseme Sync
- AI Dream Playback with Narration + Animation
- Lottie-Driven Emotional Expressions
- Mood Tracking + Feedback Loop Engine
- Play Store + GitHub + Desktop Releases

Fully Private. Data never sold. GDPR & CCPA compliant.

Backed by advanced emotional logic and a futuristic UI/UX, Neura is ready to become a new category-defining product in wellness, productivity, and mental clarity.

Now seeking early investment to grow the Neura ecosystem and expand platform reach (VR, Smartwatch, API).
